Travel with your group of students and participate in this training for free! Contact us for details.

Are you looking for initial or continuous training for Spanish teachers? There are many possibilities, but few of them give you the experience of being fully immersed in the language and culture of Spain.

In collaboration with the University of Cadiz, our training for Spanish teachers is specially designed to allow each teacher to develop and consolidate their skills in a Spanish speaking environment. Whether you are just starting your career or are an expert in teaching Spanish, you will discover new tools and resources to bring your Spanish classes to life. Classes at the University of Cadiz are complemented by a program of immersive activities. Accommodation for participants is organized with local residents, in one of our carefully selected Spanish host families.
